

Product Specification Guide

Product Name:

METALLIC WAX

PRODUCT DESCRIPTION: Give a metallic sheen to most surfaces, walls and furniture with easy application. Choose from three different finishes: Gold, Silver, and Copper.

- Advanced formula of finest natural bee's wax, and artisanal metallic pigments.
- It is ideal for subtle accenting or full-coverage application.
- The ultra-fine metallic pigments blend smoothly with natural bee's wax to provide excellent coverage and a uniform, rich, smooth appearance, with a durable finish.
- It can be buffed to a high sheen with a soft cloth. Due to its paste form it allows for more control during application than liquid paint.
- Color Atelier Metallic Wax is ideal for: • All venetian plaster finishes, including both lime and acrylic plasters • Restoring Antiques • Stenciling • Frame Finishing • Home Decor • Restoration • Craft Projects

READ ALL INSTRUCTIONS THOROUGHLY BEFORE USE

APPLICATION: No dilution required. Ready to use. Allow surfaces to dry for up to 48 hours before applying wax. Use a steel spatula or trowel with the same method as for plaster and stucco. Or the product can also be applied in the same way as a conventional wax, using a sponge or lint-free cloth. Leave to dry for a few hours and then buff to a high sheen with a lint-free cloth.

SURFACE PREPARATION: All surfaces must be firm, dry, and cleaned free of dust, dirt.

COVERAGE: One Pint will cover approximately 50 to 100 square feet depending on the application.

MAINTENANCE: Remove surface dust to clean.

NOTE: Storage temperature: from 32 °F to 77 °F. The product must be applied to material with a temperature 50 °F and 86 °F.

DRYING TIME: A few hours dry time.
